FOR PRIZES AT MILWAUKEE RADIO AMATEUR'S CLUB CONVENTION

Gentlemen:

The attached letter has been mailed to Midwest Amateurs selected from the 1948 National Convention attendance lists as active and progressive "Hams". Many of you have attended M.R.A.C. QSO Parties before so you know what we mean when we say dinner, entertainment, and prizes. To those of you who have never attended, we can only say, come and see for yourself.

In order to make advance registration easy for everyone, we have enclosed tickets with each letter just as we have done here. If you need an additional supply, drop us a card or enclose a note with your registration.

As a Manufacturer, Distributor, or Retailer, you may want to get additional good advertising by means of a prize donation. Such donations will add immeasurably to the success of the QSO Party. All prize donations will carry a display card showing the donor, and, if you wish we will advise you of the winner of your prize. Also, all prize donors will be alphabetically listed on large 8' wall display signs as well as announced over the PA system at drawing time.

The Milwaukee Radio Amateurs' Club extends their deepfelt thanks to the many firms who contributed to the succes of our 1948 National Convention and previous QSO Parties, and, we hope you can all attend the May, 1949, Party and join in a lot of fun.

Dear Sir:

In reply to your letter of April 20th, we shall be pleased to co-operate with your forthcoming Amateur Convention by contributing one GONSET Noise Clipper and one GONSET 100%'R.

If you wish to procure one of our "3-30" converters, we shall be glad to provide the item at a substantial discount.

Thanking you for your interest, we are

Respectfully yours,

GONSET COMPANY,

F. R. Gonsett

Lake Shore Drive  
Thiensville, Wisconsin

Dear Mr. Collins:

Have your letter of April 20, in regard to the Milwaukee Radio Amateur's Club Convention.

The Browning Laboratories has practically nothing for amateurs except an amateur frequency meter as per enclosed brochure; however, we are always glad to cooperate with the amateurs and are sending to Ellis Saxton two BL-2FS 100-1000 Oscillator Standards as per enclosed Bulletin 102A and two RK-60 Tubes for prizes.

We are returning the tickets as we will not have an opportunity to use them.

Very truly yours,

BROWNING LABORATORIES, INC.

Mr. J. T. Collins, W9PYM  
Registration and Awards Committee  
Lake Shore Drive  
Thiensville, Wisconsin

Dear Mr. Collins:

Thank you for your letter of April 20 announcing the M.R.A.C. QSO party. We are pleased to donate as a prize one of our new Heathkit Vacuum Tube Voltmeter Kits. This is an excellent piece of test equipment and we feel certain that the winner will be well pleased with it.

We would greatly appreciate your sending us the names and addresses of those in attendance of the affair so that we could add their names to our mailing list.

It has been a pleasure hearing from you and best wishes for a very successful M.R.A.C. QSO party.

Very truly yours,

HEATH COMPANY

Mr. J. T. Collins, W9PYM  
The Milwaukee Radio Amateurs' Club, Inc.  
Lake Shore Drive  
Thiensville, Wisc.

Dear OM:

This will acknowledge with thanks your letter of April 20th.

We are very pleased to cooperate with the members of the Milwaukee Radio Amateurs' Club and are sending you, under separate cover, twelve copies of the TVI Handbook. Also, accompanying this letter are four postcards which can be given to the winners which will entitle them to a new or renewal subscription to CQ.

Because of other commitments, it is not too likely that a member of our staff will be able to attend your Annual Stag QSO Party but, believe me, if there is any way of doing it you will find a CQ man camped on your doorstep.

73,

CQ

June 7, 1949

Mr. Arthur A. Collins  
Collins Radio Company  
Cedar Rapids, Iowa

Dear Mr. Collins:

On behalf of the 242 amateur radio operators, broadcast engineers, and others who attended the 19th annual QSO party of the Milwaukee Radio Amateurs Club, I want to express our sincere gratitude for your excellent cooperation and the services of your affable representative, Mr. Ernest Pappenfus.

That the affair was the most successful QSO party in the history of the MRAC is due in no small part to the outstanding presentation on the operation of radio teletype by Mr. Pappenfus. We were extremely pleased to have him with us and hope that we may call upon him again at a future date.

We hope that you will remember, too, that the invitation to you personally to appear before one of the major meetings sponsored by MRAC is still open. We hope that the future will make it possible for you to visit Milwaukee soon. Thanks again.

Cordially yours,

H. E. Saxton

Mr. G. H. Browning  
Browning Laboratories, Inc.  
Winchester, Mass.

Dear Mr. Browning:

Please accept our sincere appreciation for your generous cooperation in sending to us two Oscillator Standards and two RK-60 Tubes which we used as prizes at the recent MRAC nineteenth annual QSO party.

Browning Laboratories were listed on a large sign among ten other prize donors and your name was read three times over our public address system and every amateur present as well as the many broadcast engineers and other persons interested in radio were urged to show their appreciation by purchasing Browning Laboratory products.

Kindest regards.

Cordially yours,

H. E. Saxton

Mr. H. Anthony  
Heath Company  
Benton Harbor, Mich.

Dear Mr. Anthony:

We want to express our appreciation to you for your generous cooperation in donating a Heathkit Vacuum Tube Voltmeter Kit which was used as one of the major prizes at the nineteenenth annual QSO party of the Milwaukee Radio Amateurs Club.

The winner's name has already been forwarded to you. We notice that you requested the names and addresses of all those in attendance, and we will endeavor to get that list to you.

Thanks again for making our dinner such a success.

Cordially yours,

H. E. Saxton

Radio Magazines, Inc.  
342 Madison Avenue  
New York 17, N. Y.

Dear Larry:

Please accept our sincere thanks for the four subscriptions to CQ magazine and the twelve copies of the TVI Handbook which you donated for use as prizes at our recent QSO party.

The postcards you supplied us with have been sent to you. Thanks again.

Cordially yours,

H. E. Saxton

Mr. F. R. Gonsett  
Gon-Set Company  
72 East Tujunga Ave.  
Burbank, Calif.

Dear Mr. Gonsett:

The Gonset Noise Clipper and the Gonset 100% R which you supplied for use as prizes at our recent nineteenth annual QSO party were two of the reasons for the tremendous success of this affair.

Please accept our sincere thanks for your generous cooperation. Your name was prominently produced on a large sign among the other prize donors and we read three times over the PA system your name and the prizes you gave us. You may be sure that these gifts were genuinely appreciated. Kindest regards.

Cordially yours,

H. E. Saxton
